

Sequence 1: Job search, career advice

ACTIVITY 1: Creating a professional Identity Card

Objective: learning about different careers to help you choose your future job

Outline of the activity:

You will create your own professional identity card giving the following information:

- name of the job
- what the job consists in
- advantages of the job
- the degree you need to obtain

Finally, you will add a visual to your card using keywords (rather than complete sentences) + colors + a picture and/or a diagram

■ Acquiring vocabulary:

Complete the following table:

French	English
compétences professionnelles	
un diplôme	
une formation	
un stage	
un baccalauréat technologique
